

Multipurpose Industrial Communication & Access Control Card Reader

Specifications:

- **Advanced Microprocessor Controlled**
- **Realtime Clock**
- **RS-232/422/485 Communication Jumper Selectable**
- **2400-57600 Bps Communication Speed**
- **LCD Display Port (2x16 – 4x20)**
- **4 Optical Isolated Inputs for Alarm and Control Inputs**
- **4 Relay Outputs (NO or NC Selectable)**
- **2 Reader Support (Magnetic ABATrack 2 / Wiegand / KB Wedge AT)**
- **Watchdog Protection**
- **2000-4000 Card / 7000-12000 Transaction Capacity**
- **Special Design for Industrial and Automation Applications**
- **Industrial I/O / Access Control / Carpark Control / Time and Attendance and many other Applications**
